

When you choose a Medicare Advantage Plan from Coventry Health Care (Coventry), you have made a conscience decision to save money. You'll be able to better navigate the complex health care system, understand how to use your benefits most effectively and take greater control of your health care needs. Our plan will empower you to get the most satisfaction and value from your benefits.

Medicare Advantage

Coventry offers a Medicare Advantage plan that is approved by Medicare. This plan has low premiums, and is often less expensive than supplemental plans. Better yet, it covers additional benefits not covered by original Medicare. With no deductible and low out-of-pocket costs, you will appreciate coverage for:

- Doctor office and/or in home health screenings
- Annual eye exams
- Annual hearing exams
- Prescription medications, including Prescription Drug Gap Coverage that pays for Tier 1 generic drugs through the "donut hole"
- In- and out-of-network benefits
- Worldwide urgent and emergency care
- Preventive care benefits covered at no cost to you
- Comprehensive provider network
- Dedicated Medicare Customer Service at 800-727-9712 (press 1, then press 2)
- Local Medicare qualified enrollment specialists
- FirstHelp™ — A registered nurse to assist you with health care questions, available anytime over the phone
- Website links to community resources
- Care support programs like complex case management and chronic condition disease management

How Does a Medicare Advantage Plan Work?

It's simple. You continue to pay your Medicare Part B premium, because you are still covered by Medicare. Coventry is a Medicare Advantage organization under Part C of Medicare. We have a contract with Medicare that allows us to offer you this product. When you visit a provider, please present your Coventry ID card. This will allow the provider to file your claims with us and we will process the claims instead of Medicare processing the claim. With a Medicare Advantage plan, you receive additional benefits, not covered by original Medicare, at competitive rates. With a Coventry Medicare Advantage plan, you receive medical and/or prescription drug benefits from a private company instead of through the government.

Valuable Resources to Manage Your Health Benefits

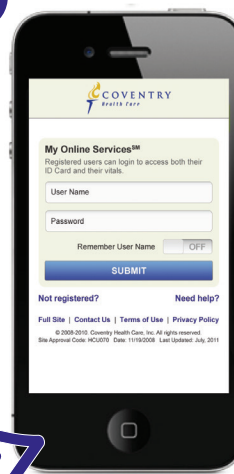

We encourage you to take control of your health. That's why we offer you online tools to help manage your health and benefits. It's easy to use your personalized, secure member website, My Online ServicesSM.

Manage your health information and get more value from your health plan. Use My Online Services at **www.coventry-medicare.com** to:
